***CURRENT SOCIAL PROJECT IS A
CONTRIBUTION TO OUR KIDS AND THE
FUTURE OF KAZAKHSTAN.***

Around 10 000 families and 30 000 children in Almaty region are below average income level.

Large families have several schoolchildren who share one computer. This fact, supposedly, affects education quality and attendance overall.

ALL CHILDREN – are source of fun and joy! Spirit of Light, Love and Happiness is inside them.

PURPOSE OF THE SOCIAL PROJECT

Be responsible,
giving, helping and
caring about others

Identify the most vulnerable group of
kids and distribute laptops using
Randomized Control Trial (RCT) with
technical support for distance
learning

Wise people think alike. Let's
unite and make a difference

We are committed to
supervising families and
children after the end of the
project on a volunteer basis.
Track their progress. Involve
children in the online book
club and provide an
opportunity to gain basic
knowledge of programming

Raise funds to purchase
laptops, computers, routers
and other components
